

## Heart Camp...

*Dreams from the Heart Camp* was founded in 1994 by the physicians of Pediatric Cardiology Associates to provide a 3 day camp environment for their patients. All the campers have undergone heart procedures, including transplants in some cases. The campers have the opportunity to participate in activities such as swimming, canoeing, and a visit to an amusement park, under the watchful eyes of their physicians and nurses. For many campers Camp is their first “overnight” away from their parents. Campers also have many opportunities to talk both formally and informally about their health situations and concerns. Camp is provided free of charge thanks to contributors such as yourself!

## Paul Orrange...

Paul Orrange was a young man whose 21 years were marked by multiple surgeries as he lived with congenital heart disease. Paul’s spirit and courage continue to inspire all who knew him. Paul was a patient (and friend!) of the good people at Pediatric Cardiology Associates. This walk is held in Paul’s memory each year.

## Dreams from the Heart Camp Walk

Commissioner's Cabin  
Chestnut Ridge Park  
Route 277
